

THE FLORENCE TRIBUNE

PUBLISHED EVERY SATURDAY.

FLORENCE, ARIZONA, JUNE 15, 1901.

Jake Thomas, of Kelvin, was in town this week.

Capt. P. M. Smith was over from Arizona yesterday.

Oliver Swingle was in town Monday from Dudleyville.

There was a pleasant social dance at Miches's hall last Saturday night.

Jos. Peterson and wife, of Mesa, spent several days in Florence this week.

Mrs. Emma J. Guild has gone to California to spend the summer months.

Wah Kee has opened a laundry on Main street, adjoining Angelo's butcher shop.

Prof. McArthur, superintendent of the Sacton Indian school, was in town Tuesday.

Miss Katie Donnelly came down from the ranch Thursday and returned yesterday.

Mrs. F. M. Doan will leave tomorrow for Phoenix, to be gone three or four days.

Taylor Brannaman and wife and Miss Eloisa Arvizu left for Globe Wednesday.

Aguilera Arriola and wife, of Casa Grande, were visiting friends in Florence this week.

Mrs. George Fisher returned Wednesday from the San Pedro, and is apparently much improved by the trip.

Chas. H. Cutting, superintendent of the Troy mining company, was in town Tuesday with his wife.

Frank W. Doan is expected home today from Stanford University, where he has been taking a law course.

Messrs. Geo. B. Chittenden and A. M. Harrison came down from their Saddle Mountain mines Wednesday.

Sheriff W. C. Truman and Fletcher Doan returned Tuesday from Chicago, well and hearty. They claim to have had a fine time.

Leslie Tillman returned home last week from Berkeley, where he has been an inmate of the California Asylum for the deaf and dumb.

C. H. Miches & Co. have had their store-room whitewashed, and it looks as bright as a new pin. They are among our most enterprising merchants.

Register Milton R. Moore, of the Land Office, is reported quite ill in Tucson. His many friends in this county, where he formerly resided, sincerely hope it may be nothing serious.

Jack Fraser was in San Francisco this week, and took in the sights under the guidance of Chief Sullivan, of the fire department. Jack sails from Seattle on the 20th for Valdez Landing, Alaska.

Shields & Price are fixing up their lumber yard, on the corner of Main street and Butter Avenue, in good shape, and will keep a full line in stock. The lumber will in future be kept under cover.

The programme for the children's day as published in last week's *Tribune* was successfully carried out Sunday evening at the Presbyterian church, reflecting credit on teachers and scholars alike.

Mr. and Mrs. Will. Whitlow and baby have been spending the week with relatives and friends in Florence. Mr. Whitlow reports cattle on the range looking well, with feed and water plentiful.

Landlord Drals has the agency for the finest thing in the way of an iceless refrigerator ever seen in this neck of the woods. He has one in use at the Florence Hotel which has only to be seen to be appreciated.

A. W. Hendricks and Dr. Otto M. Roberts, of Washington, D. C., arrived in Florence Wednesday, and will go to Saddle Mountain with Geo. B. Chittenden and A. M. Harrison, where they will engage in mining.

J. E. Valjean passed through Florence Wednesday in company with Ambrose Raso, of San Bernardino, and Wm. A. Newberry, of Anaheim, Cal. They went to Kelvin, where Mr. Valjean is opening up some mines which have proven to be valuable.

The Avenote boys, Petronelio and Encarnacion, with their wives, left last Saturday for Agua Caliente, west of Phoenix, where they will sojourn for a time to test the waters for rheumatism. Miguel Bostick accompanied them.

A four-year-old son of Ex-supervisor Jesse Brown was thrown from a burro last Saturday and had his arm fractured. The same burro broke the Beebe boy's arm in the same manner only a few days before. That jackass should be used for packing something less valuable.

SAN CARLOS DAM

Rev. I. T. Whittemore Writes an Encouraging Letter.

PASADENA, Cal., June 10, 1901.

EDITOR *TRIBUNE*: I am very thankful for the extra copies of the *Tribune* of the 18th ult. I have made good use of them and have cut out and sent the report of the visit of the Florentines to Mr. Newell and others and it will do much good. I have felt for some time that our citizens at Florence are discouraged because of the failure to secure the \$100,000 from the last Congress. But we shall secure a grand success next time from apparent failure. I say apparent, for I do not consider it a real one—simply "a delay of proceedings," and "hindrances are in many cases real helps." We know no such word as defeat, for the cause is God's and He never can be defeated.

"Seepage and flume" are a failure, and that scheme is out of the way. With such men as Mark Smith and Geo. H. Maxwell, and others to be enlisted, we expect to win success.

It took 13 years for the Dawes commission to secure "Allotment act for the Indians," but we may secure water-storage in less than half that time. "All things come to him who waits" and works in faith and patience.

We shall win surely. I wish to state for the benefit of the Indians and the settlers in the Gila valley, that the prospect for securing an appropriation from the 57th Congress to erect the San Carlos dam is growing more encouraging.

Obstacles that prevented the amendment calling for \$100,000 at the last Congress are removed, and more light than ever has been cast on the necessity of "national irrigation."

Prof. Newell writes: "Mr. George H. Maxwell is accomplishing wonders, and it seems to me that the friends of irrigation can do no better than to second his efforts."

Add to this the visit of President McKinley to this coast and the reports of the newspaper men who accompanied him, so widely published, and you will see that those reports will enlighten the public mind in the East and South, as never before. Prejudices are wearing away, and many who formerly opposed the irrigation scheme now favor it, and are becoming its staunch supporters and promoters. Stronger pressure will be brought on the next Congress than ever before, to secure appropriation to start the San Carlos dam early next spring. There are powerful forces that will be brought to bear on members of the next Congress, not necessary now to state, that will exert an influence that will be dangerous to oppose, in favor of erecting said dam.

The Los Angeles Times is doing a noble work in advocating the scheme, and the press throughout the country will second such efforts.

Those poor Indians in Arizona, now in poverty and starvation, must be relieved and saved. They have earned every dollar that the dam will cost and simple justice demands that the \$1,500,000 that they saved the Government from '93 to '72 should be repaid in furnishing them water storage.

Light, more light, is what is needed among most of our congressmen, and they will have it and the dam will be built.

Truly yours,

I. T. WHITTEMORE.

Mrs. W. H. Griffin and daughters, Misses Myrtle and Pearl, and daughter-in-law, Mrs. Wm. Griffin, will leave next Wednesday for Dallas, Texas. In the past year during which these ladies have resided in Florence they have made many friends who regret their departure, and hope for their speedy return.

George W. Brown of Phoenix and W. D. Monmonier of Pease, grand representatives of the jurisdiction of Arizona and New Mexico, A. O. U. W., left last Monday for Buffalo, where the annual meeting of the supreme lodge of the order will be held about the middle of the month.

On Wednesday Maj. J. W. Evans was arrested, charged with breaking a lock and raising the headgate on the Maricopa canal. Trial has been set for 4 o'clock Friday, before Justice Gray. Maj. Evans was formerly president of the Maricopa Canal Co., and he is at present a director in the Arizona Water Co.—[Gazette.]

First Submarine Cable, Which was made from an ordinary wire, insulated with gutta serena, was laid across the English Channel about fifty years ago. It was also about the same time that Hostetter's Stomach Bitters, the world renowned dyspepsia cure, was first introduced to the public; and its success as a family medicine during those years almost eclipses that of the submarine cable, while today it stands alone as the one reliable remedy for dyspepsia, indigestion, flatulency, constipation, biliousness, nervousness or insomnia. If you are a sufferer from these diseases, it is because you have never tried the Bitters. Try it at once, if you would be well. It will strengthen your entire system, and produce sound sleep, and good health must naturally follow.

Will He Do It?

[From the *Bisbee Review*.]

The grand jury has recommended that William Stiles be prosecuted to the full extent of the law for the shooting of one George Bravin, who was jailed at Tombstone when Stiles liberated Alvord, Bravo Juan, et al. George Bravin is the prosecuting witness and is ready and willing to give his evidence, and it would be of such a nature as to insure Mr. Stiles a term in Yuma along with some of his pals against whom he was so anxious to turn state's evidence.

The people of Cochise county have spoken through their representatives on the grand jury. In short, the recommendation of the grand jury says "we do not approve of district attorneys and Wells Fargo detectives conducting the business of Cochise county to their own satisfaction, regardless of the best interests of the taxpayers and even at the sacrifice of life."

Where is the excuse for not prosecuting Stiles for shooting Jailer George Bravin and liberating prisoners? Any agreement with Stiles for non prosecution for train robbery could not be stretched to cover this case. The grand jury has recommended the prosecution of Stiles for this crime. Will the district attorney carry out the recommendations of the grand jury?

The Review is reliably informed that the district attorney does not intend to prosecute this gentleman of leisure. If not, the board of supervisors should hire a special attorney. The people are tired with this trifling with justice in the case of Wm. Stiles.

H. B. MAYO, Pastor.

A distressing accident occurred on Wednesday afternoon about 2 o'clock in which Yemael Morales, a well-known and highly respected citizen of our town, lost his life. He was putting in curbing in the well of Francisco Ayalla, which was about 40 feet deep, when the sides of the well gave way, covering him with twelve or fifteen feet of dirt. A windlass was soon put in place, and although it was a dangerous proposition City Marshal Charles Douglas volunteered to go into the well and endeavor to extricate the unfortunate man. It was not until 7 o'clock, after five hours of vigorous work, that Mr. Douglas reached the body of Morales, in which life was found to be extinct. The body was standing erect, and death from suffocation must have ensued shortly after the cave in. The funeral the following day was largely attended. Morales was about 50 years of age, a carpenter by trade, and had a wife, but no children. The widow has the sympathy of the entire community.

LIVELY TIMES IN BISBEE.

Young Smith Turner, Formerly of Florence, Stabs a Man.

[From the Prospector.]

During the past twenty-four hours Bisbee has been the scene of three different attempts to murder, and as a consequence the jail now holds three would-be shooters, while a fourth one made his escape across the Mexican line.

On Saturday night a Mexican named Andrios Rias was attacked by two countrymen. They first tried to use an axe on their victim, but were stopped by the former's wife, who went to his assistance. While she was trying to hold one of the men the other succeeded in cutting Rias from his left ear to his chin with the large blade of a pocket knife making an ugly wound.

The men were captured by officer Thomas and were given a preliminary examination before Judge Williams this afternoon, but the Judge did not decide the case, deferring action until tomorrow.

A Mexican named Agona shot and perhaps fatally wounded a woman named Angela Martinez, on Chihuahua Hill last night about eleven o'clock. The ball entered the woman's breast, coming out just under the left shoulder blade. Agona made his escape and is supposed to have gone across the Mexican line as he was trailed as far as Don Louis. The woman's condition is considered serious.

About 6:30 this evening, Smith Turner, better known as "Smithy," a hack driver in the employ of B. F. Graham & Co., had a few words with Del Wilson, another employe, which led to blows, and "Smithy" cut at Wilson's throat with a knife. He will have a hearing before Judge Williams tomorrow. Wilson's wound is not considered dangerous.

Summons.

IN THE DISTRICT COURT OF THE

Second Judicial District, in the Territory of Arizona, in and for the County of Pinal.

John H. Wellington, plaintiff, vs. S. L. Young, defendant.

The Territory of Arizona sends greeting to S. L. Young, defendant.

You are hereby summoned and required to appear in an action brought against you by the above named plaintiff in the District Court of the Second Judicial District in and for the County of Pinal, in the Territory of Arizona, and answer the complaint filed with the Clerk of this Court, at Florence, in said County, within thirty days, (exclusive of the day of service) after the service upon you of this Summons.

This action is brought to remove a cloud from the plaintiff's title to the Copper Glance Mine or Mining claim, situate in the Riverside Mining District, County of Pinal, Territory of Arizona, and to establish and quiet his title to said mining claim, as in said complaint more fully set forth.

And you are hereby notified that if you fail to appear and answer the complaint as above required, judgment by default will be taken against you, and the plaintiff will apply to the Court for the relief prayed for in his complaint.

Given under my hand and the seal of said District Court at Florence, this 23rd day of May, A. D. 1901.
